

The Banyan Group, Inc. Banyan is a minority owned Global Emergency Sourcing, Management and Consulting Company located in the United States and listed on the United States Federal Government Central Contractor Database / ORCA as well as those of many individual U.S. states.

Banyan's specialty is sourcing support equipment and services by going manufacturer direct. This approach can save lives, time and money especially during times of environmental and/or civil distress.

While food management is the backbone of the Banyan's services that is only the beginning of what Banyan is able to provide. Banyan also manages a vast array of additional Domestic and International resources that are USDA & OSHA approved and able to deploy in most cases within 10-hours of receiving a dispatch order.
